UTSA Course Evaluation Survey Results

Dear Aimin Liu,

In the attachment you will find the evaluation results of the survey 26364 CHE 6973 001 SP- Mechanistic Enzymology.

The overall indicator is listed first. It consists of the following scales:

The overall indicator is followed by the individual average values of the scales mentioned above.
In the second part of the analysis the average values of all individual questions are listed.

If you have questions about the evaluation system please contact Leanne Charlton or Doug Atkinson at evaluate@utsa.edu

Comments Report

Your written comments are an important part of your course and instructor evaluation. Please provide feedback in the box below on aspects of the course and/or the instructor that were most effective or need improvement. Student comments will be provided to your instructor only after course grades have been submitted. The instructor may, but is not obligated to, share these comments with others or include them in any evaluation process.

- Dr. Liu is a very knowledgeable professor in the field. He is passionate in the class. The contents in the class are not limited to the text book, but instead catch up with the latest trends of these days' research. I really enjoyed the class and learned a lot!
  Thanks very much!
- I enjoy the variety of information that was given in this course. The course would be even better if the lectures given by the guests were more monitored because some of the lectures given by the guests were very dry and confusing.
- I really enjoyed this course and Dr. Liu. He is very knowledgeable and interactive professor. I did not know a lot about enzymology and I feel like I learned a lot from this course.
