Comment Area

1. Dr. Liu enjoys teaching. He engaged students in the classroom by asking us questions. He would have quiz questions in his power point which gave us the opportunity to see his style of questions as well and allow for conversation. Most importantly, he provided a environment where there was feedback.
2. Dr. Aimin Liu is a wonderful and excellent teacher. He is lively and carries every student along in his class. I wish every other teachers could be like him.
3. Loved Dr. Liu! He will be missed.
4. no comment
5. He was an intuitive teacher with an aim to give the student the knowledge of the subject matter
6. GSU is losing a very talented biochemistry instructor.
